Corporate & Expatriate *Mobility Partner*

Airport reception, fixed-line car transportation and executive missions for multinational companies and new industrial projects in Egypt.

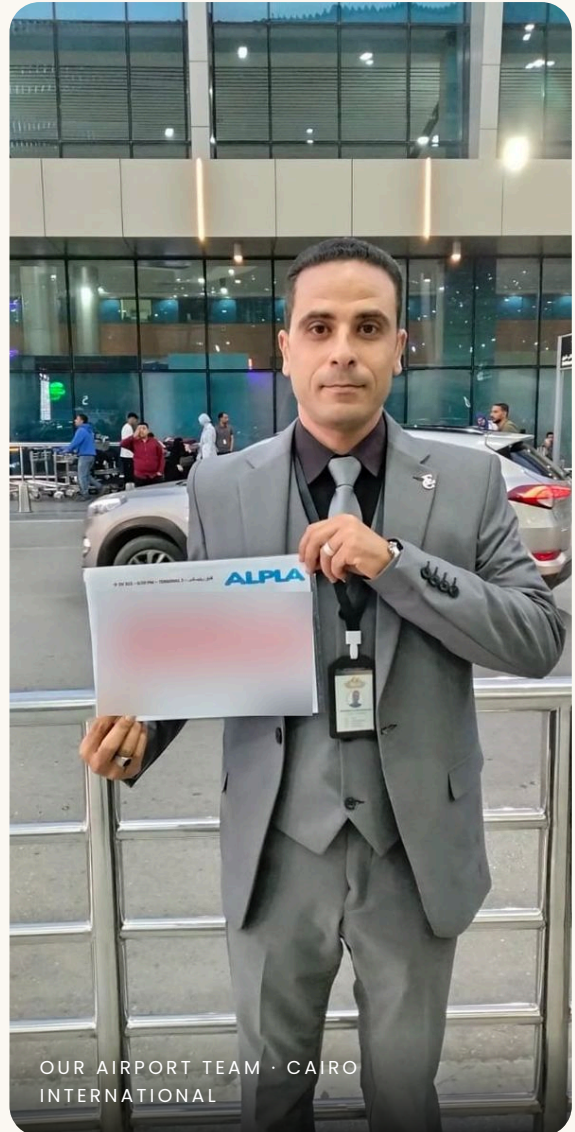

SINCE 2011 · 24/7 SERVICE · 10TH OF RAMADAN CITY

When your experts arrive, *we take it from there.*

Since 2011, Three Pyramids has moved the people who build and run Egypt's factories. Our speciality is the foreign engineer, the visiting executive and the expatriate team sent to start a new plant or project.

We meet them at the airport, take them to site every day, and get them to every meeting on time. One partner, one point of contact, from the first arrival to the final departure.

- ◆ **Specialists in expatriate transport** for new projects and factories
- ◆ **Dedicated departments** for airport services and factory operations
- ◆ **24-hour service** with live GPS follow-up on every trip

Three departments. *One standard.*

Each part of the service has its own team, its own manager and its own procedures. Your company has one point of contact; behind it, three departments do the work.

Executive Management

01

Airport Services

إدارة خدمات المطار

A dedicated team at Cairo International. Flights are monitored in real time, guests are met at arrivals with a name board, luggage is handled and the car is waiting at the curb.

02

Factory & Corporate Operations

إدارات تشغيل المصانع والشركات

Fixed daily routes for expatriate teams and staff. Each factory has assigned drivers and a route plan agreed with its management, reviewed as shifts and teams change.

03

24/7 Control Room

غرفة التحكم على مدار 24 ساعة

Every vehicle is tracked by GPS and every trip is followed live. Delayed flights, late shifts and last-minute requests are handled at any hour.

Built around the *expatriate journey.*

A new plant brings in engineers, technicians and managers from abroad, often for weeks or months. We plan their movement from the day they land, so your project team can focus on the work.

FIXED-ROUTE SEDAN

- ◆ **Route plans agreed with each factory** and adjusted when shifts or teams change
- ◆ **Assigned drivers** who know the site, the gates and the security procedures
- ◆ **Three passengers per car at most**, by company safety policy
- ◆ **Uniformed, trained drivers** with a strict no-phone rule while driving
- ◆ **GPS on every vehicle**, followed by the control room around the clock

Based in the 10th of Ramadan City industrial zone, we serve factories there and across Greater Cairo every day.

Fixed-Line Car Transportation for Companies and Factories.

Daily round trips in private cars for managers and employees: picked up across Greater Cairo in the morning, driven to the company or factory, and taken back home after work. A comfortable, punctual alternative to the staff bus.

Three per car, at most

Every passenger has a proper seat. A company safety policy on every line.

Shorter journeys

Lines are grouped by area, so fewer stops and less time on the road.

Same driver, same car

Your team knows who picks them up, and the driver knows the site.

Followed live

GPS on every car and a control room that works around the clock.

HOW IT WORKS

- 1 **Share your team and hours**
Number of staff, home areas and working hours.
- 2 **We plan the lines**
Grouped by area and agreed with your management.
- 3 **Cars and drivers assigned**
Each line has its own car and a uniformed driver.
- 4 **On the road, every day**
Followed live by our 24/7 control room.

BUILT AROUND YOUR SCHEDULE

- ◆ **Managers and employees**, one standard of service
- ◆ **Daily round trip**: to work in the morning, back home after work
- ◆ **Pickups across Greater Cairo** to companies and factories
- ◆ **Lines updated** as teams and schedules change
- ◆ **Priced by contract**, based on lines and team size

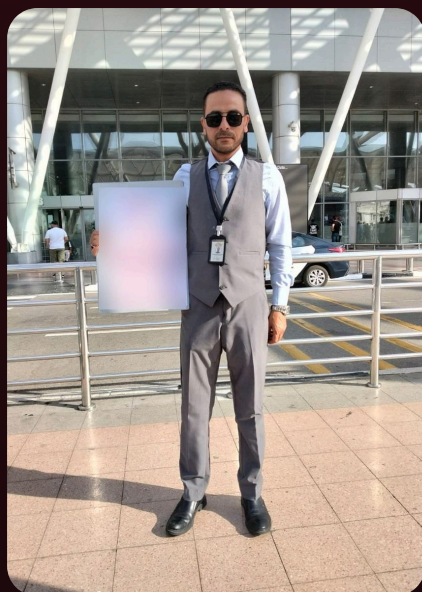

Request a fixed-line proposal.

Send us your team size, home areas and working hours, and we will plan the fixed lines for you.

Met at arrivals. *Never left waiting.*

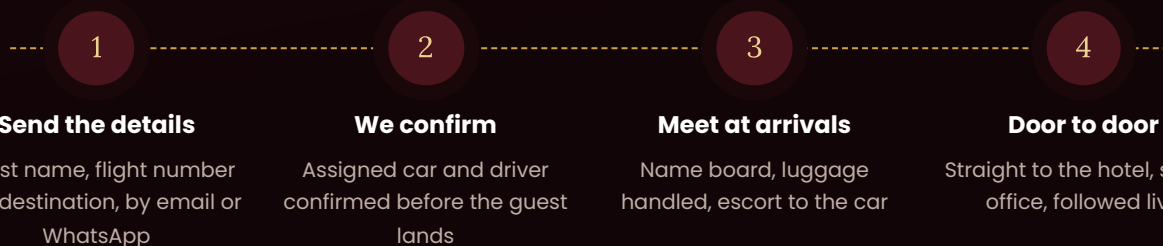

MERCEDES S500

Our airport department works only on arrivals and departures for corporate guests. The team tracks each flight, adjusts for delays and keeps the client informed until the guest is in the car.

- ◆ **Flight times followed** by the airport team, including delays
- ◆ **Name board** with the client's logo at arrivals
- ◆ **Luggage assistance** and escort to the vehicle
- ◆ **Sedans, S-Class and premium vans** for delegations

Measured after every trip.

Guests can rate any trip in under a minute: vehicle, driver, punctuality and the journey itself. Every evaluation reaches management directly, and any low score is followed up within 24 hours.

“

The transportation service is excellent. Communication is always efficient. Taxis are always clean and tidy, and the taxi drivers are punctual and professional. I will continue to use the service in the future.
